The Relationship of Service and Your Personal Statement Program

Program Offered on Location or as a Correspondence Course

Starkey's 25-hour Relationship of Service and Personal Statement Certification

This program highlights Starkey's process of successful placement. We teach you how to master the best ways to present yourself to a potential employer. Included in this course are the following: how to identify the skills and strengths you are actually bringing to a potential employer; how to present yourself as a truly 'good fit' for the position; how to determine if the position is the 'right fit' for you; what you might expect in terms of salary range; and what steps you might expect as you move through the interviewing process. After 36 years of experience placing our graduates, the Starkey staff members know how to guide you across all parts of the interview process.

This program addresses the 'psychological piece' in private service. This course is a combination of understanding the true meaning of service and creating a Service Statement that is designed to facilitate the placement process. There is a transformational aspect to this program! You will learn for yourself why you have chosen the field of private service.

The Relationship of Service and your responses to the Personal Statement will define the unique qualities of your special 'Service Heart.' This means that Starkey has identified the special personality traits most often found in one with a Service Heart as well as the essential ingredients for creating a successful career in private service. This course highlights the 'threads' of commonality that form the essential connections between you and a potential employer. You are both looking to 'discover and share' these connections.

CERTIFICATION PROGRAMS

Bringing those threads to the forefront allows both of you to engage on a mutual and meaningful level.

You have 45 days to complete this course. You may elect to work through the course at your leisure and in the comfort of your own home. Be confident that the Starkey staff are readily available to you via phone calls, texts, and emails. They will entertain your questions or comments. From beginning to end, we are here for you!
